

# Freestanding Sign Examples

Current Ordinance: 50 SF at 20' Height

Proposed By-right: 40 SF at 20' Height

Bonus Option: 50 SF at 15' Height

Bonus Option: 60 SF at 8' Height as Monument Sign

**CFFC Note:** The three signs, left to right, are sometimes called "pole signs," for obvious reasons. The fourth one is an example of a "monument sign." It is rooted to the ground on a landscaped base, not on a pole.

Note: Not to exact scale.
